Follows Your Circadian Rhythm

Light is crucial for our health and well-being, functioning as nature's own vitamin pill. Our Lite Bulb Moments bulbs utilize smart technology that mimics the sun's daylight, ensuring you get the proper light levels you need, even during the darkest winter months.

No Hub Needed

Every light source is individually added to the Wi-Fi network, making the installation secure and quick through the Lite app. The light supports both Wi-Fi and Bluetooth and is compatible with both 2.4GHz and 5GHz networks.

Full RGB Color Scale

Our GU10 LED bulbs offer a full RGB color scale. With 64 million colors to choose from, you can easily adjust your lighting to suit your mood, activity, or time of day.

Routines and Scenes Available on the Lite App

The Lite app allows you to create routines and scenes that fit your needs. For example, you could create a rule that all your lights should turn on when you're near your home and turn off when you leave.

Compatible with Google Home Assistant and Amazon Alexa

Enjoy the convenience of voice control with compatibility with Google Home Assistant and Amazon Alexa. Control your lighting using voice commands like "turn on the lights in the living room" or "set the lights to 40% in the kitchen".

Setup/ installation

The light supports both Wi-Fi and Bluetooth. Supports both 2.4GHz and 5GHz networks. Use the step-by-step guide in the TUYA app. You can find the TUYA Smart app in the Google Play Store or in the Apple App Store.
