

Lite bulb moments Smart Light Chain - Globe Cone

Create the perfect ambiance for any occasion with our Smart Light Chain - Globe Cone. This versatile, fully programmable lighting solution offers 64 million color combinations, providing you a unique way to enhance the mood of your party, indoors or outdoors. With the TUYA app, you can customize brightness, color, timing, and even sync the lights with your music.

- Versatile and Weatherproof
- Endless Color Combinations
- Fully Programmable
- Sync with Music
- Compatible with Google and Alexa

Versatile and Weatherproof

Our Smart Light Chain - Globe Cone is designed to shine, rain or shine. It's IP65 certified waterproof, making it perfect for outdoor events. Whether you hang it in your parasol, apple tree, or drape it around your Christmas tree, its charm will elevate the atmosphere around it.

Endless Color Combinations

Unlock an extensive palette of 64 million color combinations. This feature lets you change the colors according to your mood or theme, adding an extra touch to your party or event. Illuminate your space with a color that suits your style.

Fully Programmable

Experience full control over your light settings with the TUYA app. From adjustments in brightness and color to setting a timer or creating your own scenarios, this feature ensures that the light chain becomes an integral part of your event planning.

Sync with Music

Our light chain is designed to bring your parties to life. With a built-in microphone, the lights can flash or change colors according to the beat, providing an immersive experience for you and your guests.

Compatible with Google and Alexa

Integrating our light chain with your existing smart home system is a breeze. It's compatible with both Google and Alexa, enabling you to control your lights through voice commands, enhancing the ease and convenience of usage.

Package Contents
