Dimmable and Full RGB color scale feature

Lite Bult Moments' E27 Filament Bulbs offer full RGB color scale with 64 million colors, allowing you to adjust brightness and lighting according to your mood or need. The dimmable feature lets you set just the perfect ambience for every moment.

Technology based on natural daylight rhythm

Designed with your health in mind, these bulbs mimic the sun's daylight through their smart technology. This means you receive the right amount of light even in the gloomiest winter months that guarantees good night sleep and energy-filled days.

Smart home compatibility with Google Home Assistant and Amazon Alexa

The E27 Filament Bulbs and Lite App are compatible with Google Home Assistant and Amazon Alexa, giving you the convenience of Voice Control. This feature paves the way for seamless integration with your smart home systems.

Geofence, routines, and scenes setting capability via in-house Lite app

With the TUYA App, you can create your routines, scenes, and even set boundaries using the Geofence feature. This flexibility allows for the possibility of having the lights turn on as you near your home and off when you leave.

Environmentally friendly – long-lasting and 100% recyclable products

Lite Bult Moments prides itself in offering long-lasting products that are 100% recyclable. Even our product packaging is FSC approved, showing our commitment to sustainability.
