Experience flexible smart lighting with the Lite Bulb Moments smart E14 bulb. This compact RGB bulb gives you adjustable white light, full colour control, dimming and scheduling directly from the app. It connects via Wi-Fi or Bluetooth and works with Google Home and Amazon Alexa, so you can control your lighting by app or voice.

- Adjustable white light and RGB colour control
- Dimmable lighting with timers and schedules
- Supports circadian lighting for natural daily rhythm
- TUYA App, Wi-Fi, Bluetooth and voice control
- Long-lasting, recyclable and energy-efficient design

Adjustable white light and RGB colour control

Choose between warm and cool white light from 2700 K to 6500 K, or select from a full RGB colour spectrum to create the right atmosphere for any room. Whether you want bright functional light, soft evening lighting or colourful accent lighting, the bulb can be adjusted easily through the app.

Dimmable lighting with timers and schedules

Control the brightness directly from your phone and set timers to match your daily routines. Use schedules to turn lights on in the morning, dim them in the evening or switch them off automatically when they are not needed.

Supports circadian lighting for natural daily rhythm

Lite Bulb Moments can help recreate the feel of natural daylight throughout the day. Adjust the colour temperature and brightness to support a more comfortable lighting environment, from energising daytime light to warmer light in the evening.

App, Wi-Fi, Bluetooth and voice control

The bulb supports both Wi-Fi and Bluetooth and can be set up through the TUYA app, available from Google Play Store and Apple App Store. It also works with Google Home and Amazon Alexa, allowing you to control your lights with simple voice commands.

Long-lasting, recyclable and energy-efficient design

With low power consumption, a long lifetime and recyclable materials, the Lite Bulb Moments E14 bulb is designed for everyday use. It is mercury-free, flicker-free and supplied in FSC-approved packaging.
