Lite bulb moments Smart Light Chain - Stars

Create flexible indoor and outdoor lighting with the Lite Bulb Moments Smart String Lights Stars. With 50 star-shaped LED light sources, app control, adjustable colours and IP65-rated protection for the string lights, it is designed for gardens, terraces, parties and seasonal decoration.

- 10 m light chain with 50 star-shaped LEDs
- More than 16 million colour combinations
- TUYA app control with timers and scenarios
- Music sync and voice control with Google and Alexa
- IP65-rated string lights for outdoor use

10 m light chain with 50 star-shaped LEDs
The 10 m string light includes 50 LED light sources with 20 cm spacing, giving you an even and decorative light distribution. The star design adds a distinctive look, making the light chain suitable for outdoor dining areas, balconies, gardens, trees and seasonal displays.

More than 16 million colour combinations
Choose from more than 16 million colour options to match the setting, season or mood. The RGB light sources allow you to create anything from soft ambient lighting to colourful party effects, with dimming available through the app.

TUYA app control with timers and scenarios
Control the lighting directly from the TUYA app. Adjust brightness, change colours, set timers and create personalised lighting scenarios. You can also choose from 20 pre-programmed functions when you want a quick setup without manual adjustment.

Music sync and voice control with Google and Alexa
The built-in microphone allows the lights to react to music, creating dynamic colour changes and effects that follow the sound in the room or outdoor area. The light chain is also compatible with Google Assistant and Amazon Alexa, so you can control it by voice and group multiple units together for easier operation.

IP65-rated string lights for outdoor use
The string lights are IP65-rated, making them resistant to rain and snow for outdoor installation. Use them around a parasol, along a fence, in a tree or across a terrace. The controller is IP20-rated and should be placed in a protected location.

Package includes

- Smart Light Chain Stars
- Power supply
- User manual

Product specifications

- Brand: Lite Bulb Moments
- Product name: Lite Bulb Moments Smart String Lights Stars, 10 m with 50 LEDs, TUYA control and IP65 for outdoor use
- Model number: NSL911992
- Light chain length: 10 m
- Number of LEDs: 50
- Distance between LEDs: 20 cm
- Cable length from plug to first LED: 3 m
- Bulb size: 4.3 x 4.5 cm
- LED chip quality: Sanan-e
