Lite Bulb Moments LED strip 2 x 5M RGB

Create the right atmosphere at home with the Lite Bulb Moments smart RGB LED strip. With two 5 metre RGB strips, app control via TUYA, voice control with Google Assistant and Alexa, and music sync, you can adjust your lighting to suit everyday living, relaxed evenings or social moments.

- 2 x 5 m smart RGB LED strip for flexible room lighting
- Choose from more than 16 million colours
- Control colours, brightness, timers and scenes via the TUYA app
- Voice control with Google Assistant and Alexa
- Music sync and 20 built in lighting functions

2 x 5 m smart RGB LED strip for flexible room lighting

The Lite Bulb Moments LED strip includes two 5 metre RGB strips, giving you a total lighting length of 10 metres. Use it to add indirect lighting behind furniture, along walls, under cabinets or around entertainment areas. The flexible format makes it easy to create a more personal lighting setup in your home.

Choose from more than 16 million colours

Select from more than 16 million colour combinations to match the mood, activity or room style. Choose soft tones for a calm atmosphere, brighter colours for social settings, or bold RGB effects when you want the lighting to stand out.

Control colours, brightness, timers and scenes via the TUYA app

With app control through TUYA, you can adjust brightness, change colours, set timers and create your own lighting scenarios directly from your phone. This gives you full control over the lighting without needing to reach for a switch.

Voice control with Google Assistant and Alexa

The LED strip works with Google Assistant and Alexa, allowing you to control your lights using simple voice commands. Turn the lights on or off, adjust the colour or change the brightness hands free.

Music sync and 20 built in lighting functions

A built in microphone allows the LED strip to react to music, flashing and changing colours in rhythm with the sound. If you prefer not to use the app, you can also choose from 20 built in lighting functions directly from the power supply controller.

Package includes

- Lite Bulb Moments LED strip 2 x 5 m RGB
- IP20 controller
- User manual

Product specifications

- Brand: Lite Bulb Moments
- Model number: NSL911986
- LED chip quality: Sanan-e
- Product type: Smart RGB LED strip
- Strip length: 2 x 5 m
