Circadian Rhythm Compatible

The Lite Bulb Moments smart light is designed to follow the natural cycle of daylight, offering a tailored lighting environment that promotes your health. Experience a good night's sleep and a full day of energy even during the darkest winter months while achieving a positive influence on your overall wellbeing.

Full RGB Color Scale

With 64 million colors to choose from, this smart bulb gives you complete control over your home's ambience. Create extraordinary light bulb moments by picking a color that matches your mood or the occasion.

Google Home and Amazon Alexa Integration

Single command away from controlling your lights. Voice control compatibility with Google Home and Amazon Alexa opens the door to hands-free convenience. Whether you want to set the lights to 40% in the kitchen or turn them green in the kids' room at 17:30 - it's only your imagination that will set the boundaries.

Energy Efficient with Adjustable Brightness

Our bulbs are not just smart; they are also eco-friendly and energy-efficient. The bulbs come with adjustable brightness and timer capabilities, ensuring you only consume energy when necessary while also saving on energy costs.

Hassle-free Setup and Installation

Each light source attaches individually to your Wi-Fi network, allowing for a swift, secure installation via the Lite app. The step-by-step guide offers clear instructions, while the app's compatibility with both Wi-Fi and Bluetooth ensures a seamless setup experience.

Setup/ installation

The light supports both Wi-Fi and Bluetooth. Supports both 2.4GHz and 5GHz networks.
