

The Woox Security Kit Basic gives you the perfect start to a secured smart home experience. Combining four devices, three operating on Zigbee technology and one on WiFi, the kit enhances your home security without costing a fortune. Offering solid, dependable operations, the devices can be controlled through voice services like Google Assistant and Amazon Alexa, and monitored via the WOOX Home app.

- Complete Security Kit
- Operates on Both Zigbee and WiFi
- Voice Control compatibility
- Easy Monitoring with the WOOX Home App
- Easily Installable

Complete Security Kit

The Woox Security Kit Basic provides you with a comprehensive package of smart security devices that cater to your home or office's safety needs. This kit paves the way for solid, reliable security operations, enhancing your safety experience without the need for immense spending.

Operates on Both Zigbee and WiFi

This kit offers a unique blend of technology, with three Zigbee items and a WiFi item. This combination enhances operational efficiency, making your home security experience smarter and more effective.

Voice Control compatibility

The Woox Security Kit Basic seamlessly integrates with voice control services such as Google Assistant and Amazon Alexa. This feature makes managing the system convenient, providing a hands-free experience that fits perfectly into your daily routine.

Easy Monitoring with the WOOX Home App

Know what's happening in your home or office from virtually anywhere, thanks to the WOOX Home app. It facilitates the creation of safety and interaction pathways, notifying you about any activity, like motion detection or opening and closing of doors/windows.

Easily Installable

Setting up these devices is a breeze. Secure your belongings, create a secured environment, and get instant updates right on your phone, thanks to the easily installable nature of these smart security devices.
