

Introducing the very efficient WOOX Zigbee Smart SOS Button - your ultimate sidekick for emergency situations. The device is craftily designed to provide uncompromised security through its effortless pairing system and instant notification provision during times of distress. It is compatible with the dependable WOOX Zigbee Gateway and other WOOX Smart devices, perfect for producing an integrated secure environment in your home or office.

- Part of the WOOX Zigbee Security Family
- Requires a WOOX Zigbee Gateway for operation
- Well-integrated with all other WOOX Smart devices
- Equipped with Amazon Alexa voice control service
- Acts as your emergency companion with a single button press

WOOX Zigbee Security Family Member

The WOOX Zigbee Smart SOS Button is a part of the WOOX Zigbee Security Family. This prestigious entity safeguards your home or office with its advanced, communicative technology that promises top-tier security.

Requires a WOOX Zigbee Gateway for Operation

To activate the WOOX Zigbee Smart SOS Button, a WOOX Zigbee Gateway is required. (not included) The Gateway allows the button to function seamlessly, ensuring an uninterrupted security service at your premises.

Integrated with All Other WOOX Smart Devices

The WOOX Zigbee Smart SOS Button works incredibly well with all other WOOX smart devices. This allows for a cohesive, harmonious operation and amplifies the overall security.

Equipped with Amazon Alexa Voice Control Service

Ease of access is paramount for any security device. The Smart SOS Button comes equipped with Amazon Alexa's voice control service, providing quick, hands-free access during emergency situations.

Your Emergency Companion

Your safety is a button press away with the WOOX Zigbee Smart SOS Button. Once pressed, it instantly activates the alarm and sends a notification to your phone, alerting you about any potential security breach.
