

Introducing the WOOX WiFi EU smart wall socket - your key to an automated and simplified home! This innovative smart socket can be effortlessly controlled from your smartphone or tablet, giving you the power to manage your electrical appliances anywhere at any time. No need for separate hubs or subscription services; connect to any 2.4GHz WiFi router and enjoy the multitude of features at your fingertips.

- Compatible with Alexa and Google Home
- Connects to any 2.4 GHz WiFi router
- Offers remote access
- Allows scheduling
- Features an Away Mode

### Voice Control

WOOX WiFi EU smart wall socket aligns seamlessly with Amazon Alexa and Google Assistant for comprehensive voice control. Now, managing your appliances becomes as simple as uttering a command. Please note that an Amazon Alexa or Google Home device must be purchased separately for voice control.

### WiFi Connectivity

Our smart socket eliminates the need for alternative hubs or paid subscription services. It functions perfectly well with any 2.4Ghz Wi-Fi router and WOOX app, providing you the convenience of seamless connectivity without the hassle of additional cost or setup.

### Remote Access

Control your appliances without being bound by distance or time. WOOX WiFi smart socket provides remote access, allowing you to control your smart wall socket from anywhere simply by using the free WOOX Home app on your tablet or smartphone.

### Flexible Scheduling

Create schedules for your sockets to power home appliances on and off as needed. Whether scheduling lights to turn on and off automatically or setting a timer for your devices, our smart socket makes it possible.

### Away Mode

Give the illusion of being home, even while you're away. Our Away Mode lets you turn your devices on and off at different times, making your house appear occupied.

### Package includes

- 1x WOOX Smart wall socket EU type - White
- 1x User Guide
