Works with WOOX Zigbee Gateway

This Smart PIR Motion Sensor is designed to work with a WOOX Zigbee Gateway. The gateway isn't included with the sensor, but optimal performance is guaranteed for your home or office security system once connected.

Compatible with all other WOOX Smart Devices

The WOOX Zigbee Smart PIR Sensor is crafted to integrate seamlessly with all your other WOOX Smart devices. This compatibility ensures a cohesive security system that works harmoniously for the best results.

Supports Amazon Alexa Voice Control

In legitimizing the 'smart' in its name, the PIR Sensor works with the voice control service of Amazon Alexa. This allows you to control the device using simple voice commands for maximum convenience.

Real-time Motion Detection

Easily configure your WOOX Home app to receive real-time notifications for any detected movement. This feature allows constant monitoring and alerts for activities within the sensor's range.

Provides Convenient Automation

The Smart PIR Sensor allows you to set automation with WOOX Smart Lighting, enabling one or multiple lights to turn on when movement is detected. This feature provides convenience and enhances security in your home or office environment.
