

Elevate your safety standards with the Wox Zigbee Smart Smoke Detector and Alarm. Seamlessly designed to provide optimal protection, this smart device ensures you are always alerted to smoke and abnormal temperature increases. Its connectivity and automation features make it an indispensable tool for a safer home or office environment.

- Smart Smoke and Heat Sensing
- Seamless Automation and Connectivity
- Zigbee Technology Integration
- Effortless Installation and Setup
- Real-Time Notifications

Smart Smoke and Heat Sensing

The Wox Zigbee Smart Smoke Detector and Alarm is engineered to detect smoke and prompt the rise of unusual temperatures. It emits an 85dB alarm and flashes a red light to alert you immediately. With smart technology, you receive real-time notifications on your smartphone via the WOOX Home app, keeping you informed about any possible threats.

Seamless Automation and Connectivity

This smart smoke detector integrates effortlessly with all other WOOX devices, offering a smooth automation experience. By creating scenarios and automation in the WOOX Home app, you can enhance the functionality of your smoke detector and foster a coordinated safety network across your devices.

Zigbee Technology Integration

Equipped with a Zigbee 3.0 chipset, the Wox Zigbee Smart Smoke Detector ensures reliable connectivity through a Zigbee gateway. The WOOX R7070 gateway allows you to connect over 50 different Zigbee devices, enabling you to build an extensive and efficient smart home ecosystem.

Effortless Installation and Setup

Installing the Wox Zigbee Smart Smoke Detector is straightforward. You have the option to secure it to your ceiling or wall using the included backplate and screws or conveniently stick it on using the provided 3M tape. This ease of installation ensures that protecting your environment is quick and hassle-free.

Real-Time Notifications

Stay informed with instant notifications that send you alerts about smoke detection or issues straight to your smartphone. The WOOX Home app provides history records, battery level updates, and low battery alerts, ensuring the device remains functional and reliable no matter where you are.

Package includes:

- R7305 smart smoke sensor alarm unit - White
- 3M tape
- Backplate & screws
- CR123A lithium manganese battery
- Multi-language user manual

Product specifications:

- Brand: Wox
- Colour: White
- Product size: 52mm x 52mm
- Net weight: 69 grams
- Input voltage: DC 3V
- Alarm concentration: 0.100–0.160dB/m
- Average quiescent current: <23uA
- Alarm current: <60mA
- Connection range: 10–30 meters indoors, 70+ meters open air
- Alarm sound volume: 85dB (3 meters away)
- Wireless frequency: 2.405–2.480GHz
- Working temperature: -10°C ~ +55°C
- Working humidity: 0 ~ 95%RH (non-condensing)
- Approved certifications: CE RED, EN 14604:2005+AC:2008, RoHS, REACH

SPECIFICATIONS

Carton: 1/20
 Item ID: R7305
 EAN: 8435606745031
 Size: 130 x 130 x 48 mm
 Weight: 230 g
