

Brydge Aluminum Keyboard with Bluetooth for iPad 10.2" (2019–2021) Nordic Layout - Silver

Brydge Aluminum Keyboard with Bluetooth for iPad 10.2" (2019–2021) – Nordic keyboard, adjustable 180° angle – Silver – Wireless backlit Bluetooth keyboard for iPad (7th–9th Gen) transforms your iPad into a powerful, laptop-like workstation. Enjoy a full-size typing experience, premium aluminum design, and flexible viewing angles that let you work, create, and stream comfortably anywhere.

- Wireless full-size Bluetooth keyboard for iPad 10.2" (2019–2021)
- Adjustable viewing angle up to 180 degrees
- Durable unibody aluminum design in matching silver finish
- Backlit Nordic-layout keys with adjustable brightness
- Long-lasting rechargeable battery for up to 12 months per charge

Wireless full-size Bluetooth keyboard for iPad 10.2" (2019–2021)

Turn your iPad into a true productivity device with a full-size wireless keyboard designed specifically for iPad 10.2" models (7th, 8th, and 9th generation). The familiar desktop-style layout lets you type faster and more accurately than on the on-screen keyboard, while dedicated iPadOS keys give quick access to common functions such as home, brightness, media controls, and more. Simply pair via Bluetooth and enjoy a seamless connection without cables or dongles.

Adjustable viewing angle up to 180 degrees

Enjoy the 25.9 cm Retina display at exactly the angle you prefer. The Brydge patented hinge design allows you to open and position the iPad at any angle up to 180 degrees, from upright typing to laid-back viewing. Whether you are writing, browsing, watching films, or presenting, you can always find a comfortable viewing position that suits your posture and environment.

Durable unibody aluminum design in matching silver finish

Crafted from a single piece of high-grade aluminum, this keyboard is built to match the look and feel of your iPad. The slim yet robust construction offers excellent durability for daily use at home, in the office, or on the go. The matching silver finish complements your iPad's design, creating a cohesive, premium look that feels like a natural extension of the device.

Backlit Nordic-layout keys with adjustable brightness

Type comfortably at any time of day with LED backlit keys. Choose between multiple brightness levels to suit everything from bright offices to dimly lit rooms or red-eye flights. The Nordic keyboard layout ensures that all local characters and symbols are exactly where you expect them to be, so you can type naturally in your language without compromise.

Long-lasting rechargeable battery for up to 12 months per charge

Work longer and worry less about charging. The built-in rechargeable battery is engineered to last up to 12 months on a single charge, depending on usage and backlight settings. This makes it an ideal companion for travel, commuting, and everyday use, keeping you productive without constantly searching for a power outlet.
