- Adjustable backlit keys for day and night
- Dual connectivity via Bluetooth 4.1 or USB-C
- Up to 12 months battery life per charge

Nordic layout with premium aluminum build

Designed specifically for the Nordic market, this full-size keyboard delivers familiar key placement and dedicated iOS shortcuts for fast, accurate typing. Crafted from high-grade aluminum in a refined silver finish, it feels solid, looks stunning, and pairs perfectly with your iPad Pro for a seamless, laptop-like experience.

0–180 degree viewing angles and three use modes

Work, sketch, or watch without limits. Effortlessly adjust your iPad from 0 to 180 degrees for the perfect angle. Switch between Laptop Mode for focused typing, Tablet Mode for note-taking or drawing, and Movie Mode for comfortable viewing. Whatever you do, the hinge holds your iPad steady and ready.

Adjustable backlit keys for day and night

Stay productive anywhere. Three levels of backlighting let you tailor brightness for dim rooms, nighttime flights, or bright offices. Each key is balanced for precise feedback and enhanced accuracy, so your typing stays fast and comfortable whenever inspiration strikes.

Dual connectivity via Bluetooth 4.1 or USB-C

Connect your way. Enjoy the freedom of reliable Bluetooth 4.1 or plug in with USB-C when you want a wired connection. Switching is simple and quick, so you can stay in the flow whether you are on the move or at your desk.

Up to 12 months battery life per charge

Keep going longer with a battery designed for the real world. With up to 12 months of use per charge, you can focus on your work without hunting for outlets. When it is time to recharge, just connect via USB-C and power up.
