

Introducing the Twelve South StayGo mini USB-C Hub – the perfect companion for your MacBook Neo, redefining what effortless connectivity looks like. Designed to fill the port gap that premium ultrabooks leave behind, this sleek hub is the no-brainer addition for anyone who demands more from their setup. With StayGo mini, you get everything you're missing – at a price that makes the choice easy.

- **The Ideal MacBook Neo Companion** – not built for one device, but made for yours
- **Multifunctional Ports** – includes a headphone jack, USB-A, HDMI, and USB-C for pass-through charging
- **Pass-Through Power** – charge your MacBook Neo while using the hub, no compromises
- **Plug-and-Play Simplicity** – no drivers, no setup, just connect and get to work
- **Versatile Cable Options** – comes with a 0.5-meter cable for flexible desk placement

The Ideal MacBook Neo Companion StayGo mini wasn't engineered exclusively for one machine – and that's precisely its strength. Compatible with any USB-C device, it pairs exceptionally well with MacBook Neo's minimalist design and slim profile. Whether you're editing video, delivering presentations, or powering through your workday, StayGo mini adds every port you need without adding bulk.

Multifunctional Ports Unlock the full potential of your MacBook Neo with four essential connections in one compact hub. The StayGo mini delivers a headphone jack for studio-quality audio, a USB-A port for traditional peripherals, an HDMI port for external displays, and a USB-C port for pass-through charging. Switch between devices effortlessly and keep everything connected without the clutter.

Pass-Through Power Don't let a draining battery slow you down. The StayGo mini keeps your MacBook Neo charged while all your peripherals are in use – so your creativity and productivity never have to pause. Full power, full connectivity, no trade-offs.

Plug-and-Play Simplicity No drivers. No configuration. No fuss. Just plug the StayGo mini into your MacBook Neo's USB-C port and you're instantly connected. Its compact, lightweight form disappears into your workflow the moment you use it.

Versatile Cable Options The included 0.5-meter cable gives you the flexibility to position your hub exactly where you need it – whether your MacBook Neo is on a stand, an arm, or flat on the desk. A small detail that makes a big difference in your day-to-day setup.
