9H Strength Glass

Built to withstand the most demanding environments, the UAG Glass Screen Protector boasts a 9H hardness rating, which provides superior resistance to scratches and impact damage. Whether you're navigating your iPad during outdoor adventures or everyday use, this high-strength glass helps keep your screen safe from drops, keys, or anything else that might come its way.

Antimicrobial Protection

Stay protected beyond just physical damage. The UAG Glass Screen Protector is engineered with antimicrobial properties that help reduce harmful bacteria on the surface. This invisible coating enhances hygiene, ensuring peace of mind while using your device in any environment, from the office to public transportation.

Anti-Fingerprint & Ultra-Clear High Definition

Your iPad deserves to look pristine at all times. The special coating on the UAG screen protector repels natural skin oils that can cause unsightly fingerprints, allowing your screen to stay smudge-free. The ultra-clear surface offers high-definition clarity so you can experience every image, video, and detail in sharp, vibrant quality.

Precision Touch & Fit

Designed to work seamlessly with your iPad, the UAG Glass Screen Protector offers precision touch sensitivity, ensuring you'll never miss a swipe or tap. Its exact fit contours to your device's dimensions perfectly, allowing for uninterrupted use without compromising on functionality or protective coverage.

Scratch Resistant

Your screen will stay looking brand new thanks to the screen protector's outstanding scratch-resistant properties. Shield your device from daily wear and tear, protecting it from abrasions that could degrade your display over time. UAG provides strong, lasting protection that gives you confidence whether you're using a stylus or just your fingertips.
