Refreshed Design with TPU Bumper for Enhanced Protection
Your iPad deserves the best protection, and the Pipetto Origami Case delivers a refined TPU bumper that absorbs shocks and guards against drops. You can be confident that your device is safe while maintaining sleek, lightweight portability.

Durable Clear Polycarbonate Back
The back of your iPad is just as important as the front, and our case features a 100% premium polycarbonate back designed to protect your device from scratches and knocks without concealing its iconic design. Enjoy the look of your iPad, safe knowing it is thoroughly shielded.

Premium Quality Materials with Wipe-Clean PU Cover
Our meticulous attention to detail means only the highest quality materials are chosen, including a wipe-clean PU cover similar to Apple's Smart Cover, paired with a soft dove grey microfiber lining. This luxurious combination provides you both style and substance in one package.

Innovative 5-in-1 Origami Folding Style
The Pipetto Origami case redefines functionality with its 5-in-1 folding style. From typing to viewing, the versatile stand accommodates your every need, whether you're at work, on the go, or enjoying some downtime.

It offers a total of 5 different stands for your iPad:
• 1 x **ergonomic typing position** (same as Apple's Smart cover)
• 1 x **upright viewing position** (same as Apple's Smart cover)
• 1 x **upright, wide base position** (perfect for tray tables or unstable surfaces)
• 1 x **low wide base** (position, ideal for use in bed or on the sofa).
• 1 x **portrait position** (perfect for FaceTime and video calls).

Smart Cover with Sleep-Wake Functionality
To complement the case’s protection, our smart cover provides a sleep-wake function that adds convenience and extends your iPad's battery life by up to 20%. Your iPad will wake up when the cover is opened and sleep when it is closed, giving you more time to do the things you love.
