Military Grade Drop Protection
Your iPad deserves the utmost care, and the Origami Pencil Shield delivers just that. Having passed rigorous Military Standard (MIL-STD-810G) tests, this case has been drop-tested 26 times from over 4 feet with an iPad inside. The result? Every fall proved the exemplary resilience of this protective companion, ready to shield your device from life's unexpected tumbles.

Integrated Apple Pencil/Logitech Crayon Storage
With the Origami Pencil Shield, your Apple Pencil or Logitech Crayon is always within reach. Crafted to provide a secure and seamless storage solution, your writing tool tucks away perfectly when not used. Gone are the days of misplaced pencils; your most essential accessories stay attached to your iPad, ready whenever inspiration strikes.

Magnetic Origami Folding Design
Versatility at its finest – the origami folding design offers five different stand positions, adapting to your every need. Whether you're typing an email, enjoying a movie, or making a video call, the smart cover's flexible folds adjust to provide the optimal viewing angle, embodying the essence of functionality without compromising protection.

Shock Absorbent Materials
Comprised of PU—mirroring the soft touch of Apple's Smart Cover—and paired with a back cover of shock-absorbent TPU and a clear PET window, this case safeguards your iPad against drops and impacts. The visible rear design also celebrates your device's aesthetics or personalisations, ensuring safety never offuscates style.

Auto Sleep/Wake Functionality
Smart in design and smart in function, the Origami Shield automatically engages your iPad's sleep-wake function. Close the cover, and your device slips into power-saving sleep mode. Upon opening, your iPad promptly awakens, ready to continue your digital journey while preserving battery life by up to 20%.
It offers a total of 5 different stand for your iPad:

- 1 x ergonomic typing position (same as Apple's Smart cover)
- 1 x upright viewing position (same as Apple's Smart cover)
- 1 x upright wide base position (perfect for tray tables or unstable surfaces)
- 1 x low wide base (position, ideal for use in bed or on the sofa).
