Pipetto Origami No1 Original Case for iPad Air 11 (M4/M3/M2) / iPad Air 10.9 (2022/2020) - Pop Pink

Give your iPad slim, everyday protection with a case that adapts to how you use it. The Pipetto Origami No1 combines a shock-absorbing shell with a versatile folding cover for reading, video calls, viewing and typing. Designed for compatible iPad Air models, it also supports Apple Pencil use and helps conserve battery power.

- Five stand positions for everyday use
- Drop protection up to 1.1 m
- Designed to work with your Apple Pencil
- Premium materials with a clear back
- Automatic sleep and wake to save battery

Five stand positions for everyday use
Fold the Origami cover into five useful positions without needing a separate stand. Use portrait mode for reading and video calls, or landscape mode for watching content. Two additional landscape positions provide a wider base for soft surfaces or help minimise contact with messy surfaces when travelling. A low, ergonomic position makes typing, gaming and drawing more comfortable.

Drop protection up to 1.1 m
The flexible TPU surround absorbs shocks and protects every edge of your iPad. Built-in air pockets provide drop protection up to 1.1 m, helping protect against everyday knocks and accidental drops. The case comes with Pipetto's lifetime warranty and a 14-day returns policy.

Designed to work with your Apple Pencil
A discreet groove along the side accommodates your Apple Pencil while keeping the case in place. The case is compatible with Apple Pencil Pro, Apple Pencil 2 and Apple Pencil USB-C. It allows supported Pencil models to pair and charge through the case, so there is no need to remove it for everyday use.

Premium materials with a clear back
The soft PU vegan leather cover has a genuine microfibre lining to help protect your screen. A clear polycarbonate back keeps the design lightweight and lets your iPad show through, with room to personalise its appearance. The Pop Pink finish adds colour without adding unnecessary bulk.

Automatic sleep and wake to save battery
The cover automatically wakes your iPad when opened and puts it to sleep when closed. This helps reduce unnecessary battery use and can extend the time between charges by up to 20%.
