

Pipetto iPad Pro 11-inch Case 5-in-1 Origami Stand - Grey Grey

Pipetto Origami Case for iPad Pro 11-inch (2020) is a slim, lightweight and ultra-versatile protective case that transforms your tablet into a powerful workstation, media hub and video call stand in seconds. With its unique 5-in-1 folding design, premium materials and complete front and back protection, it keeps your iPad Pro 11 safe, stylish and ready for anything at home, work or on the go.

- Designed for iPad Pro 11 (2020) and compatible with iPad Pro 11 (2018)
- 5-in-1 Origami folding stand for multiple viewing and typing angles
- Complete front and back protection with slim, shock-absorbent bumper
- Premium soft-touch materials and water-resistant microfiber lining
- Auto Sleep/Wake function to help extend battery life, plus lifetime warranty

Designed for iPad Pro 11 (2020) and compatible with iPad Pro 11 (2018)

The Pipetto Origami Case is purpose-built to fit the iPad Pro 11-inch models, giving you a tailored, secure fit without excess bulk. It is designed for the 2nd Generation iPad Pro 11 (2020) and is fully compatible with the 1st Generation iPad Pro 11 (2018), both with a screen size of approximately 27.9 cm. The precision-engineered cut-outs give you full access to both cameras, the USB-C charging port and volume buttons, so you can charge, take photos and adjust audio without removing the case. Whether you upgrade your iPad or share cases between devices, you can enjoy seamless compatibility.

5-in-1 Origami folding stand for multiple viewing and typing angles

The signature Origami folding cover offers five different stand positions, making your iPad Pro more versatile than ever. Fold it into two classic positions for comfortable typing or hands-free viewing, ideal for work, browsing or streaming. Two additional wide-base positions provide extra stability on soft surfaces such as beds, sofas or tray tables, so your iPad stays steady wherever you use it. A dedicated portrait position is perfect for FaceTime, video calls, reading or note-taking, allowing you to work and communicate more naturally. With one smart case, you can switch from typing to watching to calling in seconds.

Complete front and back protection with slim, shock-absorbent bumper

This case is designed to provide complete 360-degree protection while keeping your iPad Pro 11 slim and portable. The rear shell combines a shock-absorbent TPU bumper with a clear polycarbonate back to guard against bumps, drops and scratches, while still showcasing the design of your iPad. The front cover protects your screen when closed, helping prevent damage in bags, backpacks or briefcases. Despite its robust protection, the Origami Case remains lightweight and thin, so it slips easily into your everyday carry and never feels bulky in your hand.

Premium soft-touch materials and water-resistant microfiber lining

The Origami Case is crafted from premium materials chosen for both feel and function. The outer cover uses a soft PU material, similar in feel to the original tablet smart covers, giving you a smooth, comfortable grip and a refined look. Inside, the cover is lined with a luxurious, water-resistant dove-grey microfiber that cushions the screen and helps protect it from dust, dirt and minor spills. The softly textured TPU bumper hugs the edges of your iPad, improving grip and reducing the chance of accidental slips, while the clear back keeps your device looking as good as new.

Auto Sleep/Wake function to help extend battery life, plus lifetime warranty

Built-in magnets in the smart cover work seamlessly with your iPad's Auto Sleep/Wake function. Simply close the cover to put your device to sleep and open it to wake it instantly, helping to extend battery life by reducing unnecessary power use by up to 20 percent. This makes the Origami Case ideal for frequent on-and-off use throughout the day. To give you even more confidence, the case is backed by a lifetime warranty from Pipetto, so you can enjoy long-term protection and support for your iPad Pro 11.
