Pipetto 360 Rugged Folio Case for iPad (A16) / iPad (2022) - Black

The Pipetto iPad Rugged 360 Folio Case is designed for dependable everyday protection without adding unnecessary bulk. Built to meet MIL-STD-810G standards, it protects your iPad from drops, knocks, and daily wear, while supporting Apple Pencil use, multiple viewing positions and automatic sleep/wake functionality.

- Military-grade drop protection
- Apple Pencil compatible
- 360-degree protection
- 2-in-1 stand positions
- Wipe clean design

Military grade drop protection
Designed to meet MIL STD 810G, this case has been independently drop tested 26 times onto concrete from a height of 1.2 metres. The durable TPU shell helps absorb impact from everyday accidents, giving you reliable protection at home, at work, in education or while travelling.

Apple Pencil compatible
The case is designed with precision side grooves that allow your Apple Pencil to attach magnetically through the case. A secure magnetic flap helps keep it safely in place, so it stays close to your iPad and ready when you need it.

360-degree protection
The rugged shell protects the back and edges of your iPad, while the magnetic front cover adds important screen protection when the device is not in use. The side closure flap provides added security, helping protect both your iPad and Apple Pencil in a bag or on the move.

2-in-1 stand positions
The magnetic Smart Cover supports practical stand positions for typing, working, watching videos or taking FaceTime calls. Integrated sleep/wake functionality helps preserve battery life by automatically waking your iPad when opened and putting it to sleep when closed.

Wipe-clean design
The interior lining is easy to wipe clean, helping the case stay fresh during everyday use. A clear back panel lets you personalise your iPad or add identification labels, making it a practical choice for professionals, students and shared device environments.
