Pipetto Origami No1 Case for iPad Mini 8 (A20 Pro) - Dark Blue

Protect your iPad mini without adding unnecessary bulk. The Pipetto Origami No1 Case combines a slim, lightweight design with drop protection, five versatile stand positions and convenient Apple Pencil attachment. Finished in Dark Blue, it is designed for comfortable everyday use, whether you are reading, working or watching a film.

- Slim protection against drops up to 1.1 metres
- Five stand positions for everyday flexibility
- Soft screen lining and a clear back
- Convenient magnetic Apple Pencil attachment
- Automatic sleep and wake to help preserve battery life

Slim protection against drops up to 1.1 metres
A flexible TPU shell with internal air pockets helps absorb shocks and protects against drops from up to 1.1 metres. At just 130 g, the case keeps your iPad mini light and easy to carry while providing protection for everyday use.

Five stand positions for everyday flexibility
The folding Origami cover gives you five practical ways to position your iPad mini. Use portrait mode for reading and video calls, or landscape viewing mode for films and browsing. The soft-surface position provides comfortable viewing on a bed, sofa or uneven surface, while the keep-clean position raises your iPad away from dirty surfaces when travelling. An ergonomic lay-flat position supports typing, gaming, sketching and taking notes.

Soft screen lining and a clear back
The soft-touch PU cover has a premium microfibre lining to help protect your screen from scratches, dirt and everyday wear. A clear polycarbonate back keeps the design lightweight and lets you personalise the look of your iPad without hiding it behind an opaque shell.

Convenient magnetic Apple Pencil attachment
An integrated side groove allows Apple Pencil Pro and Apple Pencil (USB-C) to attach magnetically to your iPad mini while the case is fitted. Apple Pencil Pro also supports wireless pairing and charging. The design provides magnetic attachment rather than enclosed Pencil storage.

Automatic sleep and wake to help preserve battery life
The auto sleep and wake function helps preserve battery life between charges by putting your iPad to sleep when you close the cover and waking it when you open it. It is a simple convenience that makes everyday use easier.

Package includes

- One Pipetto Origami No1 Case - Dark Blue

Product specifications
