# Pipetto Origami No1 Original Case for iPad (A16) / iPad (2022) - Luminous Blue

Pipetto Origami No1 Original Case for iPad in Luminous Blue combines slim protection with flexible everyday use. Designed for iPad A16 and iPad 10th generation, it gives you five stand positions, drop protection up to 1.1 metres and a soft microfibre lining to help protect your screen.

- Five stand positions for everyday comfort
- Drop protection in a slim design
- Soft screen lining and a clear back
- Dedicated space for your Apple Pencil
- Automatic sleep and wake to save battery

**Five stand positions for everyday comfort**
Fold the Origami cover to position your iPad for reading, video calls, watching, typing or drawing. Choose portrait or landscape viewing, a wide base for soft surfaces such as your bed, a travel position that minimises cover contact with messy surfaces, or a low ergonomic position for working comfortably.

**Drop protection in a slim design**
A flexible, shock absorbent TPU surround cushions everyday knocks and drops while protecting every edge. Internal air pockets provide additional impact protection, helping the case protect your iPad against drops from up to 1.1 metres without adding unnecessary bulk.

**Soft screen lining and a clear back**
The soft PU front cover has a genuine microfibre lining to help protect your screen against dirt and spills when closed. A clear polycarbonate back keeps the case lightweight while letting your iPad show through, with room to personalise its appearance.

**Dedicated space for your Apple Pencil**
A discreet groove along the side provides space for your Apple Pencil. The case is compatible with Apple Pencil USB C, so you can keep your preferred writing and drawing tool alongside your iPad.

**Automatic sleep and wake to save battery**
The cover automatically puts your iPad to sleep when closed and wakes it when opened. By helping reduce unnecessary battery use, this feature can extend the time between charges by up to 20%.
