iPad 10.9" (10:th gen) Origami No2 Pencil Shield - Dark Blue

- 5-in-1 Stand Positions
- Military Grade Protection
- Designed for iPad Air 10.9 (2020)
- Certified to Kill 99.9% of Bacteria

If you're the sort of person who likes the ultimate peace of mind for your iPad and Apple Pencil, then our Origami Pencil Shield case is for you.

Featuring all same 5-in-1 stand positions and functionality as our original best selling design, this case packs a punch when it comes to keeping your kit safe with its ultra-rugged drop protection shell, its protective magnetic front cover and internal Apple Pencil 2 / Logitech Crayon storage compartment -- which not only protects your Apple Pencil 2 but also allows it to sync and charge in the case.

The Origami Pencil Shield is Certified Military Standard (MIL-STD-810G) -- the most robust testing certification a case can get. It has been independently drop tested 26x times onto a concrete surface from over 4ft (1.2m) high (with a real iPad inside) and come out unscathed. In addition to the awesome protection it offers for your device.

The case is also made using our new custom range of 100% Certified Anti-Microbial/Anti-Bacterial materials to help protect you. They have been created by infusing an anti-microbial/anti-bacterial agent into the materials at the source so that they'll never wipe off or lose potency and remain certified to kill 99.9% of bacteria on the case under independent lab testing for the life of the case.

It offers a total of 5 different stands for your iPad:

- 2 positions for typing and viewing (same as Apple's Smart cover);
- 2 additional folding positions that create a stable wide base (perfect for watching Netflix in bed or on soft/unstable surfaces);
- 1 further portrait position (perfect for FaceTime and video calls).

It also allows full access to Touch ID, camera protection, full access to lightening charging, a wipe-clean finish and auto sleep-wake functionality to extend your battery life by up to 20%.

Designed for iPad 10,9” 10th gen (2022)
