SATECHI

Satechi OntheGo™ Bluetooth Keyboard with built-in stand US layout - Black

Work, type and create wherever you are. The Satechi OntheGo™ Bluetooth Keyboard with US English layout and built-in stand combines portability, smart design, and reliable performance in a sleek format - perfect for hybrid work, travel, and everyday use.

- Connect up to three devices simultaneously via Bluetooth 5.1
- Built-in adjustable stand for tablets and phones
- Foldable, ultra-thin design for easy transportation
- Quiet, responsive keys with scissor-switch technology
- Charges via USB-C with up to three months of battery life

Work flexibly - wherever you are
OntheGo™ is designed for modern users who switch between multiple devices. With three Bluetooth channels, you can seamlessly switch between your computer, tablet, and mobile phone without re-pairing each time. Perfect for those who multitask on the go or at their desk.

Stand and keyboard in one
The keyboard's protective cover transforms into a stable stand for your device - whether you prefer portrait or landscape mode. The angle can be adjusted up to 150° for optimal comfort during video calls, work or movie sessions.

Compact, foldable, and always ready
With its thin and lightweight design, the keyboard fits easily in your bag. When you unfold it, you get a full, ready-to-use workspace full desk - whether you're on the train, in the office, or on the couch.

Comfortable and quiet typing
Scissor-switch keys provide precise, low-noise response. Perfect for libraries, cafes or open-plan offices where you want to focus without distraction.

Package includes:
