

Brydge Aluminum Keyboard for Surface Pro Nordic Layout - Silver

Experience true versatility and elegance with the Brydge Aluminum Keyboard. Designed specifically for Surface Pro models, this lightweight and durable keyboard offers a premium typing experience with unmatched portability. Its Nordic layout, adjustable backlit keys, and precision touchpad redefine productivity, making it the ideal companion for your Surface Pro.

- Wireless Bluetooth Keyboard with Nordic Layout
- Adjustable Backlit Keys for any lighting condition
- Precision Glass Touchpad with Multi-Touch Gesture Recognition
- Unmatched Typing and Lapability Anywhere
- Optional Expanded SSD Storage for Power Users

Wireless Bluetooth Keyboard with Nordic Layout

The Brydge Aluminum Keyboard features a Nordic keyboard layout, ensuring you can work seamlessly wherever you are. Its wireless Bluetooth connectivity keeps your workspace organized and cable-free while maintaining reliable performance. Pairing is effortless, and the design is tailored for effortless integration with Surface Pro models, letting you unlock the device's full potential.

Adjustable Backlit Keys for any lighting condition

Enjoy the freedom to work in any light conditions with LED backlit keys. Whether you are typing in low light or complete darkness, the three adjustable brightness levels allow for comfortable and precise typing whenever you need it. This feature ensures you are always in control of your workspace, wherever that might be.

Precision Glass Touchpad with Multi-Touch Gesture Recognition

The precision-engineered glass touchpad offers an intuitive, natural feel with incredible touch accuracy. It supports a variety of multi-touch gestures for seamless navigation, giving you an experience akin to using a high-end laptop. Perform tasks effortlessly with minimal input, maximizing productivity and comfort.

Unmatched Typing and Lapability Anywhere

The Brydge keyboard redefines lapability by delivering solid and stable support without the need for a kickstand. With its unique hinge design, the keyboard can be adjusted to suit any angle between 0 to 160 degrees, enabling a true laptop-like experience wherever you are. Whether you're working at your desk or on your lap, the keyboard offers support and comfort.

Optional Expanded SSD Storage for Power Users

Take your storage to the next level with the optional high-speed 128GB or 256GB SSD. Conveniently integrated into the Brydge keyboard, it delivers speeds of up to 600 MB/s, providing the benefits of additional storage without the extra hassle of carrying an external device. This optional feature meets the needs of power users, offering lightning-fast performance for enhanced productivity.

Package includes

- Brydge Aluminum Keyboard for Surface Pro - Silver
