Osmo Super Studio Disney Pixar The Incredibles 2

Osmo Super Studio Disney Pixar The Incredibles 2 turns your child's drawings into animations using an iPad. With guided drawing lessons and instant feedback, kids can learn to sketch characters and scenes, then watch their artwork come to life on screen. Requires Osmo Base and Reflector from an Osmo Starter Kit.

- Step-by-step drawing lessons with instant feedback
- Turn drawings into your first animations on iPad
- Create stories with Disney Pixar The Incredibles 2 characters
- Includes creative tools and a sketchpad with over 30 pages
- Works with a wide range of iPad models (Osmo Base required)

Step-by-step drawing lessons with instant feedback
The app guides kids through drawing scenes and characters with clear, structured steps. As they draw, Osmo provides feedback that helps improve accuracy and confidence, building foundational drawing skills over time.

Turn drawings into your first animations on iPad
After sketching on the Super Sketchpad, Osmo captures the artwork and brings it onto the screen as part of an animation. This makes it easy to understand the basics of animation and see immediate results from each drawing.

Create stories with Disney Pixar The Incredibles 2 characters
Kids can draw and animate alongside Mr. Incredible, Elastigirl, Violet, Dash, and Jack-Jack. The activities are designed to encourage storytelling and experimentation, helping children create their own scenes and hero adventures.

Includes creative tools and a sketchpad with over 30 pages
Everything in the set is designed for hands-on use, with dedicated tools that pair with the app experience. The included sketchpad provides plenty of space to practice, iterate, and build finished scenes.

Works with a wide range of iPad models (Osmo Base required)
Super Studio is designed to work across many iPads, making it easier to fit into an existing home setup. An Osmo Base and Reflector are required to play and are not included with this product.

Package includes

- Super Sketchpad (over 30 pages)
- Super Studio Marker
- Super Sweeper
