Five stand positions for everyday flexibility
Fold the Origami cover into five positions to suit what you are doing. Use portrait mode for reading and video calls, or the standard landscape position for watching videos. A wide-base landscape position provides extra stability on beds and other soft surfaces, while the travel position helps minimise contact with messy surfaces. For typing, gaming or drawing, choose the ergonomic low-angle position.

Drop protection up to 1.1 metres
A flexible, shock-absorbent TPU surround combines with internal air pockets to provide full edge protection and drop protection up to 1.1 metres. The clear polycarbonate back keeps the case lightweight and lets your iPad show through. A soft PU front cover with a genuine microfibre lining helps protect the screen from dirt and spills.

Designed for Apple Pencil compatibility
A discreet groove along the side accommodates your Apple Pencil, and the case is fully compatible with Apple Pencil (USB-C). You can keep your iPad protected while using your Pencil for notes, sketches and everyday tasks.

Automatic sleep and wake to help save battery
The cover automatically puts your iPad to sleep when closed and wakes it when opened. This helps reduce unnecessary battery use and can provide up to 20% longer use between charges.

Lifetime warranty for lasting reassurance
The case is backed by Pipetto's lifetime warranty. If a manufacturing or quality-related problem occurs during the lifetime of your device, Pipetto will replace the case under its no-quibble warranty policy.
