Five stand positions for everyday flexibility
Fold the Origami cover into five positions to suit what you are doing. Use portrait mode for reading and video calls, landscape mode for watching, or the ergonomic low-angle position for typing, gaming and drawing. Two additional wide-base positions provide support on soft surfaces or help minimise contact with shared and messy surfaces.

Shock protection in a slim design
A flexible, shock-absorbing TPU surround combines with internal air pockets to provide up to 1.1 m drop protection. Full edge protection helps guard against everyday bumps while keeping your iPad comfortable to carry and use.

Premium materials with a clear back
The soft PU vegan leather cover has a genuine microfibre lining to help protect your screen from dirt and spills. A clear polycarbonate back keeps the case lightweight and lets you personalise the look of your iPad. The Luminous Blue finish adds colour without hiding the device beneath.

Apple Pencil compatibility
Designed to work with Apple Pencil Pro and Apple Pencil USB-C, the case includes a discreet side groove for easy access. It also allows supported Apple Pencil pairing and charging through the case, so there is no need to remove it for those functions.

Automatic sleep and wake to save battery
The cover automatically puts your iPad to sleep when closed and wakes it when opened. By helping reduce unnecessary screen use, this feature can extend battery life by up to 20% between charges.

Warranty and returns
The case comes with Pipetto’s Lifetime Warranty and a no-quibble 14-day returns policy.
