Five stand positions for everyday comfort
Fold the Origami cover into five positions to suit what you are doing. Use portrait mode for reading and video calls, landscape mode for watching, or the wide base for extra stability on soft surfaces such as a bed. A travel position reduces contact with messy surfaces, while the ergonomic low angle makes typing, gaming and drawing more comfortable.

Drop protection up to 1.1 m
The flexible, shock absorbing TPU surround works with internal air pockets to protect your iPad against everyday knocks and drops from heights of up to 1.1 m. Full edge protection helps keep vulnerable corners covered without adding unnecessary bulk.

Built for Apple Pencil compatibility
A discreet groove along the side accommodates your Apple Pencil while keeping your iPad protected. The case is compatible with Apple Pencil Pro and Apple Pencil with USB C, and allows Apple Pencil Pro to pair and charge without removing the case.

Premium materials with a clear back
The soft vegan leather cover and genuine microfibre lining help protect your screen against dirt and spills. A clear polycarbonate back keeps the case lightweight and lets you personalise the look of your iPad.

Auto sleep and wake to help save battery
The cover automatically wakes your iPad when opened and puts it to sleep when closed. This helps reduce unnecessary battery use and can extend use between charges by up to 20%.
