Pipetto Origami No1 Original Case for iPad Pro 11 (M5/M4) - Burgundy

Protect your iPad without adding unnecessary bulk. The Pipetto Origami No1 Original Case in Burgundy combines a slim, protective design with five versatile stand positions, Apple Pencil compatibility and automatic sleep and wake functionality. Designed for iPad Pro 11 (M5/M4), it keeps everyday work, viewing and creative tasks comfortably within reach.

- Five stand positions for everyday flexibility
- Drop protection up to 1.1 metres
- Apple Pencil compatibility built in
- Premium materials with a clear back
- Automatic sleep and wake to save battery

Five stand positions for everyday flexibility
Fold the Origami cover into five practical positions to suit what you're doing. Stand your iPad upright in portrait for reading and video calls, or use the landscape viewing position for watching content. Two additional wide-base positions provide stability on soft surfaces and help minimise cover contact with messy surfaces when travelling. The ergonomic, low-angle position makes typing, gaming and drawing more comfortable.

Drop protection up to 1.1 metres
A flexible, shock-absorbent TPU surround combines with internal air pockets to offer drop protection up to 1.1 metres. Full edge protection helps cushion everyday bumps while keeping the case slim and easy to carry.

Apple Pencil compatibility built in
A discreet groove along the side accommodates your Apple Pencil without needing to remove the case. The design allows Apple Pencil Pro to pair and charge through the case and is also compatible with Apple Pencil USB-C.

Premium materials with a clear back
The soft PU vegan leather cover is lined with genuine microfibre to help protect your screen from dirt and spills. A clear polycarbonate back keeps the design lightweight, shows off your iPad and gives you room to personalise its appearance.

Automatic sleep and wake to save battery
Open the cover to wake your iPad and close it to put it to sleep. This automatic function helps reduce unnecessary battery use and can extend battery life by up to 20% between charges.
