- Adhesive, shell-free design removes cleanly and leaves the iPad's edges visible

Slim premium leather folio with front and back protection
Made from premium leather, SurfacePad protects the front and back of your iPad Air 2 while keeping bulk to a minimum. It follows the device's clean lines rather than enclosing it in a hard plastic shell.

Multiple viewing angles and a built-in typing wedge
SurfacePad folds into a stable stand with multiple viewing angles for watching films, presenting slideshows or browsing the web. For typing, taking notes or sketching, fold the cover into a low-angle wedge for a more comfortable position.

Soft protective lining for your iPad display
The soft lining inside the front cover cushions the iPad Air 2 display against scratches, dust and minor bumps when closed, including when you carry it in a bag or backpack.

Smart cover function automatically wakes your iPad Air 2 and puts it to sleep
Open the front cover to wake your iPad Air 2 instantly. Close it to put the device to sleep, helping save battery power and keeping the screen out of sight.

Adhesive, shell-free design removes cleanly and leaves the iPad's edges visible
SurfacePad attaches directly to the back of your iPad Air 2 with adhesive, leaving its bevelled edge exposed. If you need to switch to another case, such as a waterproof or rugged option, peel SurfacePad off and reattach it later. It removes cleanly without leaving sticky residue or marks.
