# UAG Plasma for Microsoft Surface Pro 10/11 with Hand & Shoulder Strap Healthcare (Bulk) - White

The Urban Armor Gear Plasma Series Healthcare Case is built for professionals who rely on their Microsoft Surface in demanding healthcare environments. Designed to protect against drops, handling, and daily cleaning routines, it combines a lightweight protective structure with practical features that support mobile work, patient care, and secure device use throughout the day.

- Designed for healthcare environments
- Tested drop protection
- Lightweight protective construction
- 360 degree rotating hand strap
- Built-in kickstand and Surface Pen storage

**Designed for healthcare environments**
The Plasma Series Healthcare Case is made for hospitals, clinics, and other professional care settings where devices need to stay protected, accessible, and easy to clean. Medical wipe certification supports regular cleaning routines, helping the case meet the practical needs of shared or frequently handled equipment.

**Tested drop protection**
The case meets MIL STD 810G 516.6 military drop-test standards and has been tested for drops up to 1.2 metres. This gives added confidence when using your Surface in busy environments where accidental drops and impacts can happen during daily work.

**Lightweight protective construction**
A feather-light composite construction with an impact-resistant soft core helps protect your device without adding unnecessary bulk. The design supports comfortable carrying and everyday use while helping shield the Surface from knocks, bumps, and handling wear.

**360 degree rotating hand strap**
The integrated 360 degree rotating hand strap gives you a secure grip in portrait or landscape orientation. It helps keep the tablet steady while moving between rooms, checking information, or working directly with patients.

**Built-in kickstand and Surface Pen storage**
The built-in kickstand allows the Surface to be positioned for hands-free viewing or workstation-style use. Dedicated Surface Pen storage keeps the pen close at hand for notes, documentation, and quick input when needed.
