

Urban Armor Gear Samsung Galaxy Tab S11 Plyo is a slim, rugged case designed to protect your tablet in everyday use without adding unnecessary bulk. It pairs a tough impact-absorbing build with a protective folio cover, a multi-angle stand, and integrated stylus storage, while keeping full access to ports, speakers, and cameras.

- Rugged, lightweight drop protection
- Folio cover with auto wake and sleep
- Adjustable stand for viewing and typing
- Integrated stylus storage
- Clear back with interchangeable camera ring accents

Rugged, lightweight drop protection

Built with a featherlight armor shell and an impact-resistant soft core, the Plyo LT Shell helps absorb shocks from everyday drops and bumps. Air-soft corners cushion impact, while a raised surround helps keep the screen and camera area protected when the tablet is placed on flat surfaces. Scratch-resistant skid pads add extra protection against scuffs during daily carry and use.

Folio cover with auto wake and sleep

The front folio cover protects the display during travel and day-to-day handling. Auto wake and sleep support helps the tablet feel ready when you open the cover and helps conserve power when you close it.

Adjustable stand for viewing and typing

The folio folds into a built-in stand with multiple viewing angles, so you can set a stable position for video calls, reading, streaming, or typing. It's designed to stay practical and slim while giving you flexibility at home, at work, or on the go.

Integrated stylus storage

A dedicated stylus holder keeps your pen secure, protected, and easy to reach. It's designed to reduce the risk of misplacing the stylus while maintaining a clean fit that doesn't compromise portability.

Clear back with interchangeable camera ring accents

The clear back panel keeps the tablet visible, which is useful for asset tagging, identification, or personalization. Interchangeable camera ring accents in three colors make it easy to customize the look or quickly differentiate devices in shared environments.
