usbepower

Usbepower Cosmo Cable USB-A to Ligtning 1m - Red

Charge, sync and keep your cable neatly organised. The Usbepower Cosmo Cable combines a durable braided finish, metallic connectors and an integrated rubber ball winder in a practical 1 m design. Apple MFi certification gives you confidence when connecting your compatible Lightning devices at home, at work or on the go.

- Charge and sync your Apple devices
- Durable 1 m braided fabric cable
- Adjustable length with integrated cable winder
- Metallic connectors for a dependable connection
- Apple MFi certified for Lightning compatibility

Charge and sync your Apple devices
Connect your Lightning-enabled Apple device to a USB-A charger, laptop or other compatible port. Whether you need to recharge your battery or sync data with your computer, the Cosmo Cable handles both tasks with one straightforward connection.

Durable 1 m braided fabric cable
The 1 m cable gives you useful reach without unnecessary bulk. Its braided fabric exterior helps protect against everyday wear and provides a refined finish, making it a practical choice for regular use on your desk or in your travel bag.

Adjustable length with integrated cable winder
Keep excess cable out of the way with the integrated rubber ball winder. Adjust the usable length to suit your setup, then wind the cable for neater storage when you are finished. It is a simple way to keep desks and bags more organised.

Metallic connectors for a dependable connection
The metallic connectors provide a secure fit for charging and syncing. Their solid feel complements the braided cable, bringing together practical construction and a considered finish.

Apple MFi certified for Lightning compatibility
Choose a cable designed to work with your Apple devices. Apple MFi certification confirms that the Cosmo Cable meets Apple's compatibility and performance requirements for supported Lightning products, including compatible iPhone and iPad models.
