Quick-release, tool-free installation

Switching straps is fast and frustration-free. The quick-release mechanism lets you pop the strap on or off in seconds without any tools, so you can refresh the look whenever you like or clean the strap after a busy day.

Premium silicone that is safe and durable for kids

Made from high-quality silicone, this strap is built for everyday adventures. It is soft to the touch, free from rough edges, and robust enough to handle bumps and scrapes, giving you peace of mind and long-lasting value.

All-day comfort with a sporty look

Lightweight and flexible, the strap sits comfortably on small wrists from morning to bedtime. Its clean, sporty design pairs perfectly with the smartwatch while keeping the focus on comfort and wearability.

Sweat wicking and easy to clean

Ideal for active kids, the silicone dries quickly and resists sweat buildup. When it is time to freshen up, simply wipe it with warm water and a little soap to keep it looking and feeling like new.

20 mm fit for myFirst Fone S3 and S3+

Precisely sized at 20 mm, the strap fits the myFirst Fone S3 and S3+ for a secure, stay-put wear. The snug fit helps the watch sensors perform as intended while ensuring the strap stays comfortable throughout the day.
