myFirst Insta Lux - Cotton Candy Mix

The myFirst Camera Insta Lux is a child-friendly instant camera and printer designed for easy, creative photography. It captures clear 5MP photos, prints durable colour pictures, and connects to a smartphone for printing favourite family moments directly from the gallery.

- 5MP dual camera with Smart Exposure
- Instant dye-sublimation colour printing
- Built-in filters, frames and stickers
- Camera and printer in one device
- Child-friendly design with long battery life

5MP dual camera with Smart Exposure
Capture clear photos using the front and rear 5MP lenses. Smart Exposure automatically adjusts to different lighting conditions, helping children take balanced photos indoors, outdoors, in bright light or in lower light without changing settings manually.

Instant dye-sublimation colour printing
The Insta Lux uses dye-sublimation printing for clean, detailed colour prints without ink mess. Each print is laminated, waterproof and fingerprint-resistant, helping photos stay protected over time. Printing is available when the battery level is above 35%.

Built-in filters, frames and stickers
Children can personalise each photo using built-in filters and frames directly on the camera. The simple dial control makes it easy to add a creative touch before printing, while included stickers offer another way to customise memories after printing.

Camera and printer in one device
With built-in Wi-Fi, the camera connects to the myFirst Circle app so you can print photos directly from a smartphone gallery. This makes the Insta Lux useful not only for new photos taken by children, but also for printing favourite family pictures already stored on a phone.

Child-friendly design with long battery life
The myFirst Camera Insta Lux is designed for young users with durable, child-safe materials and an intuitive interface. The ergonomic shutter button helps children take steady photos, while the integrated LED flash adds light when needed. A battery life of up to 5 hours supports extended creative use.

Package includes

- myFirst Camera Insta Lux - Cotton Candy Mix
- Neck lanyard
- USB-C charging cable
- 4GB TF card and card reader
- 1 cartridge with 10 prints
