

myFirst Sketch Clear Kit - Pink & White

myFirst Sketch Clear is a light-up drawing board designed to make drawing, tracing and creative play more engaging for children. With a clear panel, fluorescent markers and edge-lit LEDs, every line lights up with colour, helping children create artwork they are proud to keep working on.

- Light-up drawing board with edge-lit LEDs
- Fluorescent marker colours that glow clearly
- Clear panel for tracing photos, prints and templates
- Wipe-clean surface for easy corrections
- Flexible creative use for drawing, tracing and remixing

Light-up drawing board with edge-lit LEDs

The myFirst Sketch Clear uses edge-lit LED lighting to bring drawings to life. Once the light is switched on, the artwork glows across the clear panel, giving children a more rewarding way to see their ideas take shape.

Fluorescent marker colours that glow clearly

The board is designed for use with fluorescent markers, allowing colours to appear bright and defined when illuminated. Green, pink and other fluorescent tones stand out clearly, making simple drawings look more vivid and expressive.

Clear panel for tracing photos, prints and templates

The transparent drawing surface allows children to place an image underneath and trace over it. Photos, printed characters, reference pictures or templates can be used as a starting point, helping children build confidence while developing their drawing skills.

Wipe-clean surface for easy corrections

Mistakes are part of the creative process. The wipe-clean panel makes it easy to erase and start again without mess or frustration, so children can keep experimenting until the result feels right.

Flexible creative use for drawing, tracing and remixing

Children can draw freely on a blank panel, trace existing images, hold the board up to a window, or place photos and magazine pages underneath to add their own details. It encourages open-ended creativity while keeping the original image untouched.

Product specifications

- Brand: myFirst
- Product name: myFirst Sketch Clear
