Experience the liberty of wireless audio anywhere you are with the Twelve South AirFly Pro. This extraordinary gadget lets you use your wireless headphones or earbuds even in places with only a wired headphone jack. Enjoy shared listening or streaming music from your phone to an AUX-IN. Delight in the remarkable battery life that can outlast even the longest of flights.

- Wireless Headphone Connectivity
- Shared Listening
- Stream from Phone to AUX-IN
- Exceptional Battery Life
- Connect Two Pairs of Headphones

### Wireless Headphone Connectivity

The AirFly Pro transforms your wired headphone jack into a Bluetooth receiver. This allows you to use your wireless headphones or earbuds in places with only a wired headphone jack, such as aeroplanes and gym treadmills—no more compromises on your listening experience.

### Shared Listening

Are you in the mood for a movie while on? The AirFly Pro allows two people to listen to an in-flight movie or a show on your MacBook or iPad. It's like having a wireless headphone splitter, making the shared audio experience effortless and comfortable.

### Stream from Phone to AUX-IN

With the AirFly Pro, stream music from your phone directly to the AUX-IN in your car or boat. It's the perfect partner for rental vehicles or non-Bluetooth speakers, allowing you to stream audio without the need to sync your device entirely.

### Exceptional Battery Life

Your audio partner has stamina to match; the AirFly Pro offers an astonishing 25+ hrs of battery life, ensuring uninterrupted audio even on the longest international flights.

### Connect Two Pairs of Headphones

Not just single-connectivity, the AirFly Pro allows you to connect two pairs of headphones. Enjoy shared listening with a companion without compromising on freedom of movement.

### Package Includes

- 1 x AirFly Pro
- USB-C to USB-A Charging Cable
- Travel Pouch
- Keyring Storage
- Owner's Guide

### Product Specifications
