Tailored twill cover protects your AirPods Charging Case
Made from durable twill, AirSnap is tailored to fit your Apple AirPods Charging Case. It adds a protective layer against scratches, scuffs and everyday wear in bags or pockets, without unnecessary bulk.

Integrated swivel clip keeps your AirPods within reach
Attach AirSnap to a backpack, handbag, belt loop or key ring with the built-in swivel clip. Designed for everyday use, it keeps your AirPods close at hand and easier to find.

Secure snap closure helps keep your AirPods safely inside
A strong metal snap closes securely over your AirPods Charging Case, helping to prevent it from opening accidentally while you are on the move. The snap allows quick, one-handed access when you are ready to listen.

Charging cutout lets you charge without removing the cover
A precise cutout at the bottom provides access to the charging port. Simply plug in your cable to charge your AirPods while the Charging Case stays protected inside AirSnap.

Durable twill adds subtle texture to your everyday accessories
The twill fabric combines a subtle texture with durability for daily use. Clipped to a work bag or casual backpack, AirSnap complements your other accessories while keeping your AirPods easy to carry.
