

Twelve South AirSnap Twill Protective Case for Apple AirPods with integrated clip - Smoke dark gray

Keep your Apple AirPods protected, easy to find and always ready to charge with AirSnap from Twelve South. This tailored twill case adds a layer of stylish protection around your AirPods Charging Case while the built-in clip keeps them securely attached to your bag, backpack or keys, so they are always close at hand when you are ready to listen.

- Twill case tailored to protect your Apple AirPods
- Integrated clip keeps your AirPods close and easy to find
- Secure snap closure protects AirPods when you are on the go
- Convenient cut-out for charging without removing the case
- Designed to complement your everyday carry in a stylish, durable finish

Twill case tailored to protect your Apple AirPods

AirSnap is made from durable twill material, precisely tailored to fit your Apple AirPods Charging Case. Once your case is slipped inside, AirSnap provides a protective layer against scratches, scuffs and the daily wear that comes from tossing your AirPods into bags or pockets. It is designed to keep your AirPods looking new for longer without adding unnecessary bulk.

Integrated clip keeps your AirPods close and easy to find

With the built-in swivel clip, you can attach AirSnap to a backpack, handbag, belt loop or key ring, so your AirPods are always exactly where you left them. No more digging through the bottom of your bag or worrying about misplacing your earbuds. The sturdy clip is made for everyday use and helps keep your AirPods within instant reach.

Secure snap closure protects AirPods when you are on the go

AirSnap features a strong metal snap that closes securely over your AirPods Charging Case. This closure helps prevent the case from accidentally opening while you are on the move, keeping your AirPods safely inside. The snap is designed for quick, one-handed access, so you can open the case in seconds when you are ready to listen and close it just as quickly when you are done.

Convenient cut-out for charging without removing the case

There is no need to take your AirPods Charging Case out of AirSnap when it is time to recharge. A precise cut-out at the bottom gives you easy access to the charging port, so you can plug in your cable and power up your AirPods while they stay safely protected. This simple detail makes daily use more convenient and ensures your AirPods are always ready to go.

Designed to complement your everyday carry in a stylish, durable finish

AirSnap is not only practical, it is designed to look great alongside your other tech and accessories. The twill fabric adds a subtle, stylish texture while remaining tough enough for daily use. Whether clipped to a smart work bag or a casual backpack, AirSnap blends in seamlessly and turns your AirPods into a polished, easy-to-carry accessory.
