UAG Monarch Pro Case for iPhone 18 Pro / 17 Pro - Kevlar mallard

Urban Armor Gear presents the UAG Monarch Pro for Apple iPhone 18 Pro / 17 Pro - Kevlar Mallard, the ultimate fusion of style and protection for your cutting edge device. This premium case combines advanced materials with innovative design to deliver unrivaled protection and functionality for your iPhone 18 Pro / 17 Pro.

- Robust 5-layer construction
- DuPont™ Kevlar® inserts for added strength
- Protection against drops from 7.6m height
- Built-in magnetic module for wireless charging
- Tactile grip and oversized buttons for increased usability

Robust 5-layer construction
The UAG Monarch Pro features a sophisticated 5-layer design with an impact-resistant core, signature armored frame, polycarbonate cutting plate, impact-resistant rubber surround and an integrated magnetic module. This multi-layer construction ensures your device is protected from all angles and ready to withstand the rigors of daily use.

DuPont™ Kevlar® inserts for enhanced strength
Enhance the protection of your phone by including DuPont™ Kevlar® in the distinctive armored frame. This high-strength material not only provides superior durability but also gives your case a distinctive premium look that sets it apart.

Protection against falls from 7.6 m height
You can rest easy knowing your iPhone 18 Pro / 17 Pro is protected against accidental drops. The UAG Monarch Pro has been independently tested to withstand drops from up to 7.6 meters and passes 5X military drop test standards (MIL STD 810G 516.6), ensuring your device remains protected even in the most challenging situations.

Built-in magnetic module for wireless charging
Stay charged easily thanks to the integrated magnetic module. Compatible with MagSafe, Qi and most wireless chargers and magnetic accessories, this feature allows for seamless attachment and faster wireless charging. The module also supports Samsung Pay, so you don't have to sacrifice functionality for protection.

Tactile grip and oversized buttons for improved usability
Experience improved handling with the contoured edge designed with a non-slip grip. Ultra-responsive, oversized tactile buttons provide a crisp click feel, making it easy to control your device even in demanding environments. For added security and convenience, integrated lanyard anchor points allow you to attach a lanyard (not included) for hands-free carrying.
