

UAG Monarch Pro Case for Samsung Galaxy S26 Ultra - Carbon Fiber

Urban Armor Gear Samsung S26 Ultra Monarch Pro with Carbon Fiber is built for people who want serious protection without compromising everyday usability. With a layered construction, secure grip, and integrated magnetic compatibility, it keeps your phone protected and ready for work, travel, and demanding environments.

- Layered protection with Armor Frame and shear plate
- 7.6 m drop protection with MIL-STD 810G 516.6 testing
- Integrated magnetic module for magnetic accessories and wireless charging
- Secure grip and oversized tactile buttons for confident handling
- Precise fit with full access to the S Pen and added lanyard anchor points

Layered protection with Armor Frame and shear plate

Monarch Pro combines a carbon fiber Armor Frame with a shock-resistant core, a polycarbonate shear plate, and an impact-resistant rubber surround. Together, these layers are designed to absorb impact, add rigidity, and help protect against scratches, dents, and daily wear.

7.6 m drop protection with MIL-STD 810G 516.6 testing

The case is independently tested to withstand drops up to 7.6 m and meets 5X Military drop-test standards under MIL-STD 810G 516.6. This added assurance makes it a strong choice for harsher conditions where drops are more likely.

Integrated magnetic module for magnetic accessories and wireless charging

A built-in magnetic module supports compatibility with MagSafe-style magnetic accessories and most wireless chargers. It also supports Samsung Pay, so you can keep using tap-to-pay features without changing your routine.

Secure grip and oversized tactile buttons for confident handling

The contoured perimeter grip is designed with anti-slip traction to help reduce fumbles during one-handed use. Oversized tactile buttons provide a defined, responsive click, making volume and power controls easier to use with gloves or on the move.

Precise fit with full access to the S Pen and added lanyard anchor points

Monarch Pro is engineered for a precise fit on Samsung Galaxy S26 Ultra, with a dedicated cutout for smooth S Pen access. Integrated lanyard anchor points add an extra carry option for travel, job sites, or daily commuting.

Package includes

- 1 x Samsung S26 Ultra Monarch Pro with Carbon Fiber protective case
