

UAG Pathfinder Case with Magnet for Samsung Galaxy S26+ - Black

The Pathfinder Series case is built for those who do not compromise on protection. Combining an ultra-lightweight armor shell with a hex pattern impact core and reinforced TPU bumpers, it delivers serious drop and shock protection without adding unnecessary bulk. Designed with an integrated magnet module, raised screen surround, and lanyard anchor points, this is a case built to keep up with you — wherever you go.

- 5.4m drop protection tested to MIL-SPEC 810G-516.6 military standards
- Built-in magnet module compatible with MagSafe, wireless chargers, and magnetic accessories
- Featherlight construction with impact-resistant soft core
- Reinforced TPU corner bumpers for enhanced shock absorption
- Made with up to 50% post-consumer recycled materials

5.4m Drop Protection

The Pathfinder Series has been independently tested to withstand drops from up to 18 feet (5.4 meters). It meets MIL-SPEC 810G-516.6 military drop test standards — tested three times over — so you can trust that your Samsung Galaxy S26 is protected in even the most demanding conditions.

Built-in Magnet Module

The integrated magnet module holds your device securely in place during wireless charging and works seamlessly with MagSafe, most wireless chargers, and a wide range of magnetic accessories. Samsung Pay is fully supported, so everyday use remains smooth and uninterrupted.

Featherlight and Durable

Despite its tough protection credentials, the Pathfinder Series keeps weight to a minimum. The lightweight armor shell pairs with an impact-resistant soft core to absorb shocks without adding unnecessary thickness or weight to your device.

Reinforced TPU Corner Protection.

The toughest impacts tend to hit the corners first. That is why the Pathfinder Series features reinforced TPU bumpers at each corner, specifically designed to absorb and disperse impact energy and protect your phone where it is most vulnerable during a drop.

Made with Recycled Materials

The Pathfinder Series is built with sustainability in mind. Most colorways are made with 50% post-consumer recycled (PCR) materials, while the white colorway is made with 25% recycled materials. High-performance protection and responsible manufacturing, together in one case. Package includes

- 1x Pathfinder Series Case for Samsung Galaxy S26+ - Black

Product specifications

- Compatible device: Samsung Galaxy S26+
- Drop protection: 5.4 meters (18 ft.)
- Drop test standard: MIL-SPEC 810G-516.6 (3x military drop test)
- Magnet module: Compatible with MagSafe, wireless chargers, and magnetic accessories
