Rugged Armor Shell & Impact-Resistant Rubber Bumpers

The Plasma case is designed for durability and strength. With its rugged armor shell and impact-resistant rubber bumpers, your Surface Go is safeguarded against shocks, impacts, and drops. You'll be able to tackle the toughest environments while knowing that your device remains fully protected. The reinforced structure absorbs the impact, ensuring long-lasting reliability for those working in demanding conditions.

360-Degree Rotational Hand Strap & Built-In Kickstand

For ultimate flexibility, the Plasma case features a 360-degree rotational hand strap, allowing you to securely hold your Surface Go at any angle or orientation. Whether you're walking across a job site or switching between tasks, you'll never lose grip. Additionally, the built-in kickstand turns your tablet into a workstation, whether you're watching content, typing, or presenting—all without needing additional accessories.

Meets Military Drop-Test Standards

For those seeking the highest level of protection, the Plasma case meets military drop-test standards (MIL-STD 810G 516.6). This means it has been rigorously tested, surviving 26 drops from 48 inches with no damage to the device. Whether at the office, in the field, or traveling between locations, your Surface Go is prepared for the unexpected.

Stylus Holder for Surface Pen

No more worrying about misplacing your accessories. The Plasma case includes a dedicated stylus holder to keep your Surface Pen tucked away and always within reach. Whether you're sketching, taking notes, or simply navigating your device, having your pen securely stored ensures seamless productivity.

Includes Optional Shoulder Strap for Hands-Free Transport

Streamline the way you travel with your Surface Go. The Plasma case comes with an optional shoulder strap, giving you the convenience of hands-free transport. Whether you're moving between conference rooms or field sites, the comfortable strap ensures your device stays accessible without needing to be held. It's the perfect combination of portability and protection.
