

UAG Plasma XTE MagSafe case for Apple iPhone 16e - Ash/Titanium

Elevate your iPhone 16e protection with Urban Armor Gear's Plasma XTE MagSafe case in sleek Ash/Titanium. This cutting-edge case combines military-grade durability with a lightweight design, ensuring your device stays safe without compromising on style or functionality.

- Military-grade drop protection
- Lightweight MagSafe compatible design
- Scratch-resistant screen protection
- Tactile button covers
- Wireless charging compatibility

Military-Grade Drop Protection

The Plasma XTE MagSafe case exceeds military drop-test standards (MIL STD 810G 516.6), providing unparalleled protection for your iPhone 16e. Its innovative design absorbs and disperses impact forces, keeping your device safe from accidental drops and bumps.

Lightweight MagSafe Compatible Design

Engineered with advanced materials, this case offers robust protection without adding bulk. The MagSafe compatibility ensures seamless integration with your favorite MagSafe accessories, allowing for effortless charging and attachment of compatible peripherals.

Scratch-Resistant Screen Protection

Featuring a raised bezel around the screen and camera, the Plasma XTE MagSafe case provides an extra layer of protection against scratches and scuffs. This thoughtful design element keeps your iPhone 16e's delicate surfaces safe from everyday wear and tear.

Tactile Button Covers

Enjoy responsive and precise control with the case's tactile button covers. These carefully designed elements maintain the tactile feedback of your iPhone's buttons while providing additional protection against dust and debris.

Wireless Charging Compatibility

Experience the convenience of wireless charging without removing your case. The Plasma XTE MagSafe is optimized for wireless charging, ensuring fast and efficient power delivery while keeping your device protected.
