UAG Plyo Case for MacBook Air 15" (M2/M3) 2022-2024 - Translucent black

The UAG Plyo Series for your MacBook Air 15" (M2/M3) 2022-2024 is designed for those who prioritize protection and sleek design. Lightweight and durable, this case is perfect for on-the-go professionals who want to shield their devices from the wear and tear of daily use. The Plyo Series ensures your MacBook stays safe without compromising function or style with impact protection that meets military drop-test standards and a precise fit.

- One-piece hinged design
- Tactile grip frame
- Medical-grade wipe tested
- Reinforced, shock-proof corners
- Featherlight with military-grade protection - MIL STD 810G 516.6

One-piece hinged design
The UAG Plyo case is crafted with a one-piece hinged design, ensuring a snug fit that is easy to install and remove. This design provides full protection for your MacBook while allowing flexibility and easy access to your device. The clear "Ice" finish adds a sleek look, allowing your MacBook's beauty to shine, while keeping it protected on all sides.

Tactile grip frame
Experience enhanced handling with the tactile grip frame surrounding your MacBook's edges. Whether you're carrying it between meetings or typing on the go, this grip ensures added security and reduced chances of accidental slips.

Medical-grade wipe tested
Tested in medical environments, the UAG Plyo case can be easily wiped clean for a fresh, germ-free surface. This feature is great for healthcare professionals and those conscious about maintaining cleanliness in day-to-day device use.

Reinforced, shock-proof corners
With built-in reinforced corners, the Plyo offers robust protection against drops and impacts. This case meets military drop-test standards [MIL STD 810G 516.6], ensuring that your MacBook can endure accidental falls and bumps and help it stand tough through your daily routine.

Featherlight with military-grade protection [MIL STD 810G 516.6]
Despite its military-grade protection, the UAG Plyo case remains featherlight, adding virtually no extra weight to your MacBook. This keeps your device easily portable, perfect for people constantly on the move, no matter how rugged the journey gets.
