

UAG Scout with Hand Strap for Microsoft Surface Pro 1st Edition 12" - Black

The Urban Armor Gear Scout case is designed to protect your Microsoft Surface Pro while keeping it practical for everyday work, travel, school and professional environments. With military drop tested construction, reinforced impact protection, a built-in hand strap and compatibility with essential Surface accessories, it gives your tablet reliable protection without limiting how you use it.

- Military drop tested protection
- Lightweight armor shell with reinforced corners
- Built-in hand strap for secure handling
- Full Surface Pro functionality
- Surface Slim Pen and Type Cover compatible

Military drop tested protection

The Scout case meets MIL STD 810G 516.6 drop test standards, helping protect your Surface Pro from everyday drops, bumps and impacts. Its impact-resistant bumpers are designed to absorb shock and reduce the risk of damage during daily use.

Lightweight armor shell with reinforced corners

A durable armor shell gives the case dependable protection while keeping it lightweight and easy to carry. Reinforced corners provide added defense in the areas most exposed to impact, making the case suitable for busy workdays, commuting and mobile use.

Built-in hand strap for secure handling

The integrated soft-touch silicone hand strap gives extra stability when using the tablet with one hand. It helps improve comfort and control when working on the go, whether you are moving between meetings, classrooms, healthcare spaces or job sites.

Full Surface Pro functionality

The open Scout design allows full use of the Surface Pro kickstand, so you can position your tablet as intended. Precise cutouts provide easy access to ports and buttons, helping you stay productive without removing the case.

Surface Slim Pen and Type Cover compatible

The case includes storage for the Surface Slim Pen and supports pen charging compatibility, keeping your pen secure and ready when needed. It is also compatible with Microsoft Surface Type Cover keyboards, including Metal Keyboard and Alcantara Keyboard versions.
