

Power up with elegance. AERO MINI Luxury Edition by Usbepower is a compact, design-forward wall charger that rapidly charges two devices at once while keeping your space neat. With a built-in phone stand and integrated cable winder, it turns any outlet into a tidy, stylish charging hub that fits beautifully into modern interiors.

- Dual USB rapid charging for two devices
- Dynamic charge system for smart power distribution
- Built-in phone stand for hands-free use while charging
- Integrated cable winder to keep cords tidy
- Premium, SGS-certified safety and luxury gold finish

Dual USB rapid charging for two devices

Charge smartphones, tablets, and accessories at high speed from two USB ports. Whether you are topping up a phone and earbuds or powering a tablet and e-reader, AERO MINI delivers fast, reliable charging for both devices at the same time.

Dynamic charge system for smart power distribution

AERO MINI automatically detects each connected device and allocates power intelligently. Its advanced chipset optimizes output to deliver the maximum safe speed, balancing power between both ports as needed for efficient, worry-free charging.

Built-in phone stand for hands-free use while charging

Turn your wall outlet into a mini dock. The integrated stand supports your device as it charges, perfect for video calls, streaming, recipes in the kitchen, or keeping notifications in view without cluttering your counter or desk.

Integrated cable winder to keep cords tidy

No more tangled cables. The discreet built-in reel lets you wind and store your charging cable neatly around the charger, keeping your setup organized at home, at work, or on the go.

Premium, SGS-certified safety and luxury gold finish

Crafted with high-quality components and a soft-touch exterior in a refined gold finish, AERO MINI is as safe as it is stylish. Certified by SGS, it offers robust protection against over-voltage and ensures consistent, secure performance day after day.

Package includes

- AERO MINI Luxury Edition Dual USB Charger with Phone Stand and Cable Reel
