

Gain ultimate control over your home appliances with our innovative product - the WOOX Smart Dual Plug. Its dual-port design not only allows you to operate two devices simultaneously but also ensures flexibility with individual or group control. Compatible with both Google Assistant and Amazon Alexa, enjoy remote and voice-controlled accessibility, anywhere and anytime.

- Dual Port Design
- Voice Control
- No Need for Hub
- Remote Access
- Scheduling and Vacation Mode

Dual Port Design

The WOOX Smart Dual Plug is engineered with a 2-in-1 smart design that equips you with two power sockets using just one wall socket or extension socket. Its unique design ensures that each socket can be operated individually or in groups, amplifying the simplicity of power control.

Voice Control

Step up your smart home game with voice commands made possible with Amazon Alexa and Google Assistant. The WOOX Smart Dual Plug integrates seamlessly with these virtual assistants, allowing you to operate your devices with just your voice!

No Need for Hub

Our Smart Dual Plug operates with any 2.4 GHz Wi-Fi router, eliminating the need for a separate hub or a paid subscription service. Simplicity combined with sophistication makes this product a staple for smart homes.

Remote Access

Vacation or work travel, never worry about leaving appliances running again. With the WOOX Smart Dual Plug, control your home appliances from anywhere across the globe using your tablet or smartphone, combined with the free WOOX Home app.

Scheduling and Away Mode

Customize your device schedules according to your needs. Either power your appliances on and off automatically or at different times to create the illusion of someone being home - all with Vacation Mode feature.
